

Ing Lorenzo Notarnicola

Curriculum Vitae

Lorenzo Notarnicola was born in Napoli Italy in 1966 and there he completed his studies until he got the High School degree.

He then went to University of Naples where he was graduated as a Doctor Engineer in Aeronautics in November 1993.

He started working in the Italian Aerospace Research Center CIRA immediately afterwards as a structural engineer in the Laboratory of Crashworthiness LISA.

In 2003 he joined the CIRA Rotorcraft Programs Management Unit where he was involved in several EU funded rotorcraft research projects, i.e. Friendcopter and Nicetrip.

Since 2007 he was involved in the Clean Sky JTI Green Rotorcraft Programme as responsible for CIRA activities and as Governing Board member representing the Green Rotorcraft Associates Members.

From 2008 he is a member of the Helicopters Group of Responsables within the GARTEUR organization.

From 2011 to 2015 he was Head of the CIRA Helicopters and Aeroacoustic Department.

He is currently a Senior Research Scientist within the Aeronautical Technology Integration Unit.
